

**DS-7616NXI-I2/16P/S(C)**  
**16-ch 1U 16 POE AcuSense 4K NVR**

- H.265+/H.265/H.264+/H.264 video formats
- Intelligent analytics based on deep learning algorithm
- Up to 4-ch perimeter protection
- Up to 1-ch facial recognition for video stream
- Up to 4-ch facial recognition for face picture
- Up to 16-ch IP camera inputs
- Up to 16-ch 1080p decoding capability

## ▪ Function

### Compression and Recording

- H.265+ compression effectively reduces the storage space by up to 75%

- Full channel IP cameras connection

### HD Video Output

- Provide independent HDMI and VGA outputs

- HDMI video output at up to 4K resolution

### Storage and Playback

- Up to 2 SATA interfaces for HDD connection

- 16-ch synchronous playback

### Smart & POS Function

- Support multiple VCA (Video Content Analytics) events

- Smart search for the selected area in the video, and smart playback to improve the playback efficiency

- POS information overlay on live view and playback

- POS triggered recording and alarm

### Network & Ethernet Access

- 16 independent PoE network interfaces

- 1 self-adaptive 10/100/1000 Mbps Ethernet interfaces

- Hik-Connect for easy network management

## ▪ Specification

| Intelligent Analytics                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Interface                 | 16, RJ-45 10/100 Mbps self-adaptive Ethernet interface                                |
| Power                     | ≤ 200W                                                                                |
| Standard                  | IEEE 802.3 af/at                                                                      |
| Auxiliary Interface       |                                                                                       |
| SATA                      | 2 SATA interfaces                                                                     |
| Capacity                  | Up to 10 TB capacity for each disk                                                    |
| Serial Interface          | RS-485 (half-duplex), RS-232, Keyboard                                                |
| Alarm In/Out              | 4/1                                                                                   |
| USB Interface             | Front panel: 1 × USB 2.0; Rear panel: 1 × USB 3.0                                     |
| General                   |                                                                                       |
| GUI Language              |                                                                                       |
| Power Supply              | ≤ 280 W                                                                               |
| Consumption               | ≤ 15W                                                                                 |
| Working Temperature       | -10°C ~ + 55°C                                                                        |
| Working Humidity          | 10% to 90%                                                                            |
| Chassis                   | 1U                                                                                    |

|                                            |                                         |
|--------------------------------------------|-----------------------------------------|
| Dimension (W × D × H)                      | 385 × 315 × 52 mm ( 11.6"× 9.5" × 1.6") |
| Weight                                     | ≤ 3 kg (6.6 lb)                         |
